

This is a file for testing the import of MS Publisher files into Scribus.

It is an A5 page with three linked text boxes, each with a different colour outline. The text is 12 point Calibri in five paragraphs.

The fourth paragraph is a poem, with line-breaks separating

the lines. The first line of the poem is bold, the other lines italic.

**I wandered lonely as a cloud**

*That floats on high o'er vales and hills,*

*When all at once I saw a crowd,*

*A host, of golden daffodils;*

*Beside the lake, beneath the trees,*

*Fluttering and dancing in the breeze.*

There are two graphics at the bottom of the page, each imported from the same png file measuring 200x200 pixels. The one on the left appears as imported; the one on the right has been resized without cropping.
